## DESCRIPTION

Sunglasses in a modern and trendy style with slightly larger and more angular frames. The wide temple fulfills several practical functions. Here you don't have to be shy, here it's fine to choose a relatively large marking for maximum exposure. At the same time, the eyes are extra well protected against the sun's rays from the side. The smoke-colored lenses are of category 3, which is excellent on sunny days when they let in only about 8-18% of the UV light.
